

# DOUGLAS COUNTY COVID-19 RESPONSE TEAM

JOINT INFORMATION CENTER PRESS RELEASE  
FOR IMMEDIATE RELEASE  
April 13, 2020

## DOUGLAS COUNTY COVID-19 RESPONSE TEAM SPECIAL LOCAL UPDATE – NEW COVID-19 CASES

**(Douglas County, Ore.)** As of 12:00 PM, April 13th, 2020, there are three new cases of COVID-19 in Douglas County. The number of positive cases is now at seventeen total in the county.\* Of the seventeen, four have recovered. There have been zero deaths and 507 negative tests for COVID-19 in the county. Douglas Public Health Network continues their epidemiologic investigations, identifying individuals who may have had close contact with individuals that have tested positive for COVID-19 and advising quarantine. Four of the individuals who tested positive earlier have now recovered. DPHN defines recovery as an end to all symptoms after a positive test for COVID-19.

At this time, you can only get a COVID-19 test through your healthcare provider. Residents must be identified by their health care provider. Information has been given to providers and clinics about how to get their patients signed up for the drive-through testing clinics. If you want to be tested, you must talk to your health care provider. Tests are currently being processed at the Oregon State Public Health Lab and a growing number of commercial labs, like Quest and LabCorp. There are a few outpatient clinics in Douglas County offering testing at this time. Community health partners are working very hard to make testing available to a wider number of people. The first drive thru testing site was piloted in the county on March 17, 2020, there have been 276 people tested so far in the drive through clinics. The drive through clinics are led by DPHN, in conjunction with partner agencies including; Douglas County COVID-19 Response Team, Douglas County Board of Commissioners, Douglas County Sheriff’s Office, Douglas County Public Works, local volunteers and local health professionals.

### Oregon COVID-19 Case Update

Oregon Health Authority reports new cases once a day on its website at [www.healthoregon.org/coronavirus](http://www.healthoregon.org/coronavirus). The Oregon Health Authority is also releasing the daily situation status report, which is produced jointly with Oregon Office of Emergency Management. It details the overall picture of the COVID-19 outbreak within the state and the response across government agencies. [Read more here about the daily situation status report.](#)

*\*Local case data includes all tests done in the county, and are not exclusive to DPHN testing. Further, reporting numbers are accurate as of time listed on this release. These numbers may not match other organizations, who report at different times of the day.*
