

DOUGLAS COUNTY COVID-19 RESPONSE TEAM

Our local COVID-19 updates represent the coordinated effort of the 14 agencies that make up the DCCRT

JOINT INFORMATION CENTER PRESS RELEASE - FOR IMMEDIATE RELEASE – July 14, 2020

DOUGLAS COUNTY COVID-19 RESPONSE TEAM - NOON CASE UPDATE

(Douglas County, Ore.) **Douglas County COVID-19 Test Results:** It is Tuesday, July 14, 2020, and as of 12:00 pm today, there are two **NEW** confirmed cases of COVID-19 since our noon case update yesterday. **The total number of cases (confirmed and presumptive) in Douglas County is now at 66*.** **Please note that one presumptive case was moved to confirmed today with the return of positive test results. Since this case was already counted in our total cases when it was reported as presumptive, our total COVID-19 cases (confirmed and presumptive) will only increase by one today.**

Yesterday, we made the sad announcement that we had our first COVID-19 related death of a resident of Douglas County. Due to the nature of the death (being reported as passing while out-of-the-state in Texas), and respect for the privacy for the individual's loved ones, no additional information will be released pending the confirmation of notification of family members. DPHN is working with OHA and Texas State Health Officials on the notification and documentation process for this case. At the time of this release, we are unclear if OHA has received all the case documentation from Texas. So, while we are listing the death in our case chart starting today, OHA's COVID-19 death statistics will most likely not be updated until they receive the official report. Standard protocol for COVID-19 case management in the United States is that all cases and deaths are to be reported and recorded in the County of the individual's official residence. [Click here to read the DCCRT's announcement from Monday, July 13, 2020.](#)

OHA expanded their reporting for COVID-19 case management to now include presumptive COVID-19 cases in their total case number. DPHN is reporting confirmed and presumptive cases and uses the OHA's definition of presumptive as having had close contact with a known, confirmed COVID-19 case, showing symptoms and not yet having a positive nasal swab/PCR test for COVID-19. Testing continues, as DPHN has been holding 2-3 clinics a week and hospitals, urgent cares and clinics continue to test. DPHN continues their epidemiologic investigations, identifying individuals who may have had close contact with individuals that have tested positive for COVID-19, advising and supporting quarantine and isolation.

Douglas County, OR COVID-19 Case Update	
Tuesday, July 14, 2020	
Total COVID-19 Cases: 66	
58 confirmed	8 presumptive
Total Currently Hospitalized: 1	
Total Currently in Isolation: 20	
Total COVID-19 Deaths: 1	
Total Negative Test Results: 6018	

***Our daily update includes the total number of cases in Douglas County, which combines confirmed and presumptive cases. We provide a breakout of the confirmed and presumptive cases in the chart below. Please note there will be times when a presumptive case moves to a confirmed case, and our total case number will not change because the case has already been counted, instead you will see an adjustment to our breakout numbers for confirmed and presumptive cases.**

Previously, we used the OHA definition for recovered that considered people recovered if they were 10 days from onset and symptoms were improving. As more is learned about COVID, the clinical definition of recovery is evolving. Due to the evolving nature of this definition, we have removed the column in our chart listing our recovered cases. We added the number of those in isolation that roughly correlates with the number of active cases. The DCCRT noon case and daily update will report the number of confirmed cases (as of 12:00 pm that day), the number of presumptive cases, total COVID-19 deaths,

total currently hospitalized, total negative test results, and the number of people in isolation in Douglas County. **Currently, DPHN is supporting 20 cases in isolation.**

Getting Tested & Testing Clinics

The next drive-through testing clinic will be today, Tuesday, July 14, 2020, in Roseburg. **As a reminder, if you are having symptoms of COVID-19 including cough, fever, shortness of breath, muscle aches and pains, diarrhea, sore throat or decreased sense of smell and taste, talk to your health care provider about being tested for COVID-19.** Patients without a Primary Care Provider, that are looking for a COVID-19 test should contact the Sutherlin Aviva Health Clinic at (541) 459-3788. The first drive-through testing site was piloted in the county on March 17, 2020, there have been 1021 people tested in 47 drive-through clinics, while additional testing continues in hospitals, urgent cares and clinics. The drive-through clinics

are led by DPHN, in conjunction with partner agencies including; Douglas County COVID-19 Response Team, Douglas County Board of Commissioners, Douglas County Sheriff's Office, Douglas County Public Works, local volunteers and local health professionals.

Oregon COVID-19 Case Update

Oregon Health Authority (OHA) reports new cases once a day on their website at www.healthoregon.org/coronavirus. OHA also releases a daily situation status report and a weekly report that details the overall picture of the COVID-19 outbreak within our state. The daily report details positive and presumptive cases, as well as deaths by county and statewide, while the weekly report is more in depth and includes statistical data related the severity of cases by age, gender, zip codes, ethnicity, as well as information on workplace and senior care facility outbreaks in Oregon. Find additional information on state or federal COVID-19 response from the following websites: [Oregon Health Authority](#), [Centers for Disease Control](#), and by calling or logging onto [211Info](#).

Facebook Live with Dr. Bob Dannenhoffer

Join us, tonight, Tuesday, July 14, 2020 for the next virtual town hall Q&A with Dr. Bob Dannenhoffer, your Douglas County Public Health Officer at 6:00 pm, hosted by DPHN and found on the [DPHN Facebook page](#).

Stay Informed with Local Accurate Information

Your Douglas County Board of Commissioners, Douglas County Public Health Officer, Dr. Robert Dannenhoffer and the Douglas County COVID-19 Response Team have been working hard to cooperatively provide accurate and timely information to Douglas County residents since March 8, 2020. **Our local COVID-19 updates represent the coordinated effort of the 14 agencies that make up the DCCRT.**

Local COVID-19 Hotline: If you have questions about resources available, call the COVID-19 hotline, staffed by local volunteers at (541) 464-6550 from 8:00 am to 5:00 pm, 7 days a week.

Got Questions about the Governor's Phased Reopening Plans?

If you have questions or need more information about the Governor's Phased Reopening Plans, Sector Specific or other State Orders go to the Governor's COVID-19 website at <https://govstatus.egov.com/reopening-oregon> or call Business Oregon's Navigator Hotline at (833) 604-0880.

Who Do You Contact to Report Compliance Issues with the Governor's Orders?

Please do not call 911, local law enforcement agencies or Douglas County or local Government offices to report compliance issues with the Governor's orders. The Governor has directed the State of Oregon offices for Oregon Occupational Safety and Health (OSHA) and the Oregon Liquor Control Commission (OLCC) to be the enforcement agencies responsible for ensuring restaurants, bars, and other businesses comply with COVID-related rules. [Read the Governor's official press release on enforcement here.](#)

For more information or to report compliance issues concerning the Governor's COVID-19 orders directly contact:

OSHA at (800) 922-2689 or log onto the [OSHA website](#)

OLCC at (503) 872-5000 or log onto the [OLCC website](#)
